

The Daily Ardmoreite.

VOLUME XIX

ARDMORE, OKLAHOMA. SUNDAY MORNING SEPTEMBER 21 1913

NUMBER 297

DEFENSE PLANS NOW READY

ATTORNEYS FOR THAW AWAIT
APPROVAL OF PLAN BY HAR-
RY'S MOTHER AND SISTER.

DENIAL FROM FELKER

New Hampshire's Governor Denies
Report That He is Inclined to Give
Thaw Liberty—Says He Will En-
ter Proceedings With

Concord, N. H., Sept. 20.—The de-
fense's plans in the extradition pro-
ceedings against Harry K. Thaw were
completed today and await the ap-
proval of Thaw's mother and sister.
Reports that Governor Felker was
inclined to give Thaw his liberty and
leave the final disposition of the case
to the federal courts, found no sup-
port today in the statement from
Governor Felker, in which he said
that he would approach the extradi-
tion proceedings Tuesday with a
perfectly open mind and a determi-
nation that justice be done.

South Ardmore Baptist Church.
Rev. C. A. Baxter of Weatherford,
Texas, will preach both morning and
evening at 11 a. m. and 7:30 p. m.
respectively.
All are cordially invited to attend
the services.

HAS MARVELOUS APPLIANCE.

John Hopkins University Professor
Has Appliance to Determine Poison.

Baltimore, Md., Sept. 20.—Through
a marvelous appliance devised by
Professor W. W. Abel, head of the
department of pharmacology of John
Hopkins University, it is made pos-
sible, according to the announcement
today, to determine whether persons
thought to be suffering from poison
are really under the influence of
drugs, and be able to discover im-
mediately the poison they have tak-
en. The action of the contrivance,
which consists of a series of coils
and tubes when submerged in a sa-
line solution is said to be the same
as that of a kidney.

BULGIN MEETING BEGINS THURSDAY

GREATEST TABERNACLE EVER
PREPARED FOR HIM — SEATS
3,000, CHOIR OF 250 VOICES.

Persons who have traveled for
years with Dr. Bulgin say the tab-
ernacle here is the finest that any
town has ever provided for him. The
large black building reaching from
North Washington to Mill street and
formerly occupied by the C. A. Sam-
mons Lumber Company, is being ar-
ranged for this series of meetings.
Henry Hunt had a large crew of
workmen employed yesterday putting
seats in the tabernacle and building
a platform for the minister and the
choir. Space is prepared for 250
voices in the choir. Seats have al-
ready been prepared for two thou-
sand people and if the crowds go be-
yond that number one thousand more
can be provided for within a half
day's time.

The ministers of the city have ar-
ranged to hold their prayer services
in their respective churches Tuesday
evening at 7:30 and a union prayer
and praise meeting will be held Wed-
nesday evening beginning at 7:30 at
the tabernacle. A short service will
be held and the ministers and
churchmen will attend the railroad
meeting and the choir will remain
for rehearsal.

The big meeting begins Thursday
night. Rev. Masters said yesterday
that such a meeting would bring the
people closer together, they would
understand each other better and
the churches would be more gener-
ous toward one another.

CHEMICALS CAUSE FIRE.

Fort Worth Hotel Damaged by Fire
Saturday Morning.

Fort Worth, Texas, Sept. 20.—Fire,
caused by chemicals in a store oc-
cupying a part of the ground floor,
caused a fifteen thousand dollar fire
loss to the Oliver Hotel this morn-
ing. Several of the guests escaped
in their night clothes.

Take Charlton to Como.

Milan, Sept. 20.—Porter Charlton,
the young American charged with the
murder of his wife on Lake Como in
1910, and who was recently sent
back from the United States to stand
trial for the crime in Italy, was taken
to Como today. Deputy Brazilia,
the prisoner's counsel, has just re-
turned from Switzerland. It is un-
derstood that Charlton has said that
he will tell the whole truth to the
court and hopes for an acquit-
tal when all the circumstances
are known.

AMERICAN YOUTH GOLF CHAMPION

FRANCIS OUMET, SCHOOL BOY
AMATEUR, DEFEATS ENGLISH
PROFESSIONALS.

Brookline, Mass., Sept. 20.—Francis
Oumet, the school boy amateur of
Brookline won the highest honors
in the United States, if not in the
world, today by defeating Harry Var-
don and Edward Ray, the great Eng-
lish professionals, by five and six
strikes, respectively, in the Ameri-
can open championship.

Mayor Gaynor's Body Lies in State.
New York, Sept. 20.—The body of
Mayor Gaynor was taken from his
home in Brooklyn today and brought
to the New York City hall where
it will be in state until the funeral
is held next Monday. It is expected
that thousands will view the bier
during the two days that it rests in
the city hall.

SULPHUR SLAYER IN JAIL HERE

SLAYER OF SULPHUR EDITOR IN
JAIL FOR SAFE KEEPING AFTER
PRELIMINARY.

John Lindsey, the slayer of Editor
Schneck, of Sulphur, was brought here
Friday night by Deputy Sheriff George
Smith, and turned over to Sheriff
Garrett for safe keeping.

Friday Lindsey was given a prelimi-
nary hearing at Sulphur and bound
over without bond to await the action
of the district court. Immediately af-
ter the hearing, ugly rumors began
to float about Sulphur and the crowd
was in the right mood to start a
lynching bee if the leader had ap-
peared. For fear that something of
the kind might take place, the pris-
oner was taken in an auto and after
a roundabout trip boarded the Frisco
at Scullin and brought here. The
feeling against Lindsey is very bitter
in Sulphur and in all probability he
is safer here until wanted than he
would be there.

The killing came up over an article
that appeared in Schneck's paper,
and when he refused to "eat" the
copy containing it, was shot dead by
Lindsey with a shot gun. Schneck was
a cripple and was well known to
the newspaper fraternity throughout
the state.

Farmer Talks Gold.

G. P. Stacy who lives three miles
southeast of Ardmore, was here Sat-
urday exhibiting samples of what he
says is gold, silver and zinc ore. He
spent many years in the mineral fields
of California and is thoroughly con-
vinced that he has found some very
rich mineral deposits. He states that
the ore has been tested and is very
rich and that it exists in paying quan-
tities.

Dr. Ballard of Lone Grove was in
the city yesterday on business.

DORSET CARTER HERE WEDNESDAY RAILROAD MEETING WEDNESDAY NIGHT

Dorset Carter of Oklahoma City,
who made Ardmore and Carter county
a proposition to build an interurban
out of here and to Springer, Wood-
ford, Cornish and Oil City, has noti-
fied the people of this city that he
will be in Ardmore Wednesday night,
September 24, at which time he will
state more fully his proposition.

President Fogger of the Commercial
Club is out of the city for ten days,
but it is probable that the first vice
president, joined by the mayor, will
issue a call for the mass meeting to
be held at some convenient place that
will accommodate the crowds.

It is expected that all the towns
along the proposed road will have
delegations in here for this meeting.
Those who have been seen said they
would call mass meetings and send
delegates to Ardmore to hear Mr.
Carter state what his proposition is.

The ministers and church people
will be in attendance. The services
Wednesday night will be held at the
Bulgin tabernacle. A short service
will be held and the ministers and
the mid-week church attendants will
come to the railroad meeting.

F. M. Masters, pastor of the
Broadway Baptist church, stated yester-
day that the Wednesday night ser-
vice would be brief and that he
would take an active interest in the

promotion of the railroad. From his
standpoint he wants to see the new
schools and new churches that
would follow the building of such a
line of road.

Announcement will be made of the
place where the meeting will be
held. Make up your mind now that
you will hear what this railroad
builder has to say of Ardmore and
Carter county and of the interurban
road.

Col. J. W. Johnson was here yester-
day from Milo. He says the people
there want the interurban and are
willing to dig down in their pockets
and help get it. He says Jack Good-
man will give \$1,000 to have the road
built to Milo and will give more to
see it extended further.

Dr. Amerson of Milo will give \$1,500 toward
the bonus or stock fund. Mr. Mor-
row, who lives three miles north of
Milo, will give \$1.50 an acre on 440
acres of land. F. D. Sims, who lives
northwest of Milo, will give \$1.25 an
acre on his holdings. Many farmers
there state they will give from \$1.00
to \$2.00 an acre on their holdings,
which in the aggregate will make
a nice sum toward the bonus re-
quired.

Mr. Johnson states that he will be
in here Wednesday night to see
Dorset Carter and to hear of his plans
for building the road.

THE CAMPAIGN OF COL. SUGGS MANY CONGRATULATORY LETTERS

That Sidney Suggs' campaign for
the United States senate will be in
keeping with the dignity of the office
to which he aspires and that no at-
tempt will be made to use any acrimo-
nious or inflammatory campaign
thunder, is thoroughly laid down in
a statement given out by him yester-
day on his return to spend the week
end with his family.

Col. Suggs is in receipt of scores
of letters endorsing his candidacy
and congratulating him on the pro-
gressive platform on which he ex-
pects to make the race.

He will leave for Detroit next Fri-
day, where he will speak before the
national Good Roads Congress which
meets the first three days in Octo-
ber. In speaking of his reception
by the people since his announce-
ment a week ago, Colonel Suggs is
very optimistic.

A Clean Campaign.
"I did not expect such warm en-
couragement," he said to a reporter
yesterday, "but on every hand I have
heard very flattering expressions. I
expect to carry on my campaign
along clean lines and stand firm-
footed on my platform. Either the
people are in favor of what I advo-
cate or they are not. I feel that
with the election of the senators by
the people instead of at political
conventions that a fuller and more

comprehensive expression of the peo-
ple's will can be gotten at. The
congress of the United States under
this democratic administration must
get down and touch the lives of the
common people if they would fulfill
the pledges of the party. I believe
it is endeavoring to do so and I am
sure that the people themselves will
see that only men in full accord with
the principles of democracy are sent
to congress.

A Democrat.

"I do not have to assert my dem-
ocracy from the hustings. Everybody
knows the kind of democrat Sid
Suggs is. They know I have fought
with and for the party in season and
out of season, from seed time till
harvest and from harvest till plow
time. I learned the lesson of dem-
ocracy when I toted water for the
Confederate army in the stirring
times of half a century ago. I gradu-
ated during the reconstruction days
which followed and I expect to die
on a Jefferson couch wrapped in a
Wilson or Bryan mantle.

"I am going to win. The common
people of this great commonwealth
ARE going to send one of their own
kind to the United States senate. I
feel it in my bones, because I know
the real needs of the people and am
pledged to their cause."

TWENTY INJURED IN TRAIN WRECK

ROCK ISLAND PASSENGER TRAIN
DERAILED AND PLUNGED DOWN
EMBANKMENT.

Topeka, Kan., Sept. 20. — Twenty
persons were injured, several of them
probably fatally today near Manhat-
tan, Kansas, when a Rock Island pas-
senger train was wrecked.

The tender jumped the track and
eight cars which followed, three of
them rolling down a twenty-foot em-
bankment.

Notice.

Regular meeting Ardmore Chapter
No. 79, O. E. S. Monday night at 7:30
o'clock
POCAHONTAS COLEMAN, W. M.
MARY RUMPH, Secretary.

W. J. JENNINGS. BURIED TODAY

REMAINS BROUGHT TO THE CITY
YESTERDAY. SERVICES THIS
AFTERNOON.

The remains of W. J. Jennings who
died suddenly at Cole, near Purcell,
Thursday night, were brought to the
city by Undertaker Bridgman yesterday
morning and the funeral will be con-
ducted from the family residence on
10th avenue, N. E., this (Sunday) af-
ternoon, at 3 o'clock. Rev. M. S. John-
son, pastor of the First Christian
church officiating. Deceased was 63
years of age and is survived by his
wife and three children.

Miss Amelia Hunter will leave this
morning for Chicago, where she will
enter the Chicago Conservatory for
the winter.

SUBMARINE GOOD SHOT.

Two Center Hits at Distance of
Three Thousand Yards.

Newport News, Sept. 20.—Two cen-
ter hits with Whitehead torpedoes at
a distance of three thousand yards,
while running twelve feet under the
surface of the sea, is the remarkable
record reported today by United
States submarine E-1 on the return
from target practice. Both hits were
made on a ten-foot moving target
Wednesday.

Fear Trouble in Rome.

Rome, Sept. 20.—The Anti-Clericals
are threatening to make trouble today
in the form of a counter demonstra-
tion to the recent parade planned by
Catholic athletes who have been hold-
ing an international meet in this city,
and the effect it has had. Today has
been selected for the demonstration
as it is the anniversary of the fall
of the temporal power. The police
have notified the Anti-Clericals that
any attempt to start trouble will be
dealt with summarily.

ADJOURN UNTIL MONDAY MORNING

SULZER'S LETTER ACKNOWLEDG-
ING HE ISN'T GOVERNOR ENDS
SULZER-GLYNN FIGHT.

Albany, N. Y., Sept. 20.—Practi-
cally all of the principal figures in
Sulzer's impeachment trial left town
today, the hearing having adjourned
until Monday.

No more clashes between Sulzer
and acting governor Glynn are ex-
pected since Sulzer's letter of yesterday
acknowledging that he is no longer
governor.

Sulzer Denies Report.

Albany, N. Y., Sept. 20.—Governor
Sulzer today denied that he had re-
cognized the right of Lieutenant Gov-
ernor Glynn yesterday to act as gov-
ernor.

NEWS NOTES OF RINGLING RY.

BUILDER MAKES INSPECTION OF
PROPERTIES. CONTRACT HAS
BEEN LET FOR DEPOT.

John Ringling accompanied by C. C.
Wilson, of Chicago, and Jack Hamon,
made an inspection of the work done
on the new railroad yesterday after-
noon. They went to Lone Grove on
the track car and from there to Corn-
ish by automobile. Mr. Wilson is
the Chicago representative of the
Ringling interests in the show world
and is here for a few days with Mr.
Ringling. A contract was let to the
Hudson Houston Lumber Co. and
Charles Fraley for the erection of the
depot at Hewitt and also the cotton
platform at Lone Grove, work to be-
gin at once. The construction crew
have been surfacing the tracks and
the work was finished to Lone Grove
last night. This work was done while
the crew were temporarily delayed
by the construction of the bridge over
the Bayou. This work is practically
completed, and the work of laying
steel will be resumed this week. Su-
perintendent Kennedy of the Keneff
Construction Co., who is laying the
tracks west of Fort Worth yesterday
o secured some real men for the
work.

The work on the south terminals
near L street in this city will begin
Monday morning.

AGAINST BANKERS' PLAN.

Retired New York Banker Says
Change Would Ruin Currency Bill.

Washington, D. C., Sept. 20.—The
changes proposed by the bankers
would emasculate the administration
currency bill and were not supported
by arguments that would "appeal to
reason," said W. W. Flanagan, a re-
tired New York banker. In appearing
before the senate banking committee
today, "They seem to rely chiefly
upon a formidable array of names of
banking institutions," he said.

BANANAS REMAIN ON FREE LIST

WILSON THROWS HIS SUPPORT
AGAINST AMENDMENT TO TAX
BANANAS.

AS REVENUE PRODUCER

Conferees Begin Critical Study of
Proposed Bill to Ascertain if It Will
Produce Revenue Sufficient for
Government Needs.

Washington, D. C., Sept. 20.—There
was little prospect when the tariff
conference was resumed today that
the details of the bill could be com-
pleted before the end of next week.

A critical study of the bill to de-
termine whether it will produce suf-
ficient revenues for the government
needs is now under way. Chairman
Simmons of the senate conference
committee has announced that the
revenue will be ample.

The tariff conference committee to-
day voted to leave bananas on the
free list. After a controversy in
which President Wilson's influence
was thrown in favor of free import-
ation, the senate conferees receded
from the amendment imposing a du-
ty of a-tenth of one cent per pound.

Prayer Meeting Announcements.

The regular mid-week prayer meet-
ings will be held this week at 7:30
Tuesday evening in the several
churches instead of on Wednesday
evening as usual. The reason for
the change is because there will be
held a great prayer and song service
at the Bulgin tabernacle at the old
Sammons lumber yard Wednesday
evening to be conducted by Mr. Rose,
Mr. Bulgin's chorister. The members
of all the churches are requested to
attend this preparatory service to
the coming meeting. Mr. Bulgin will
preach his first sermon Thursday
night and we think it important that
this preparatory service be held Wed-
nesday night. We earnestly request
all singers of the various churches
to be present to meet Mr. Rose, that
the organization of the choir may be
completed as soon as possible. Seats
have been prepared for 250 singers
and we desire these to be filled Wed-
nesday night if possible.

C. R. GRAY,
M. S. JOHNSON,
C. C. WEITH,
F. M. MASTERS.

ELECTED DELEGATE FROM TISHOMINGO

HELP TO PAY COL. SUGGS' EX-
PENSES TO NATIONAL HIGH-
WAY MEETING IN DETROIT.

State Highway Commissioner Sid-
ney Suggs returned to Ardmore yester-
day afternoon from McAlester,
where he spent three days with the
people in that city. He made close
estimates of the cost of putting the
prison cages on wheels for transpor-
tation over the roads of the state and
ascertained how many prisoners could
be cared for on the roads.

On his arrival here he received a
letter from L. L. Caldwell, secre-
tary of the Johnston County Good
Roads Association, in which Mr.
Suggs was informed that he had
been elected to represent the John-
ston county association at Detroit
and a check for \$25 was sent him
to help defray his expenses. Mr.
Suggs says he will attend the meet-
ing. Other associations of the state
have taken the same action which
the Tishomingo people did.

Mr. Caldwell stated that Johnston
county people read his announcement
for the United States senate with
pleasure and assured Mr. Suggs that
he would get a good vote in that
county. Mr. Caldwell desires to have
his county line up with Carter, Coal
and Pittsburg on the proposition of
building a cross-country highway from
Ardmore to McAlester.
